

Vicariate Liaison Summary for GA

In 2021 our parish continued to build on the strong relationship with the Geneva Vicariate and the diocesan offices in Fribourg. We regularly receive support from Bishop Charles Morerod, Episcopal Vicar Pascal Desthieux, and the Vicariate staff in a range of practical and pastoral matters.

- In the fall of 2021, as the parish's financial situation permitted, we resumed the Diocesan schedule of Sunday collections and contributed to several different Catholic Church organizations at local & international levels.
- Because of the financial implications of our renovation project, we have been freed at the present time from the obligation to make further financial contributions to the diocese.
- Our **targets** for the year 2022 are to (i) Continue to build relationship and communication with the Vicariate team and the larger diocese; (ii) Maintain the contributions holiday for the Vicariate (annual); and (iii) Manage loan repayment with the Vicariate and the Mission Interior in line with our current financial situation post Covid-19 impact.
