

Highlights of the St. John XXIII Parish Property Management for 2022-23

1. Fire Drills

Four fire drills were carried out near the start of the school year: two during the catechism classes; and two during the Bell School classes.

2. Fire incident

A few weeks after the drill was conducted, there was a trash bin fire in the basement toilet. Damage was limited to the trash bin. Fire department officials suspected that it was a prank by one of the boys from Bell School. Bell School evacuated the building according to the fire drill procedures.

3. IDC Report for 2022-23

The heating report for 2022-23 has been prepared and will be submitted to the Canton de Genève.

4. Plants

There are lavender plants on the roof to help promote biodiversity, and a small apple seedling was planted.

5. Logistics for the International Street Food Festival

Food stall locations and table placement was carried out.
